Uplifting Educational Standards!

APRIL 5TH, 2024

Utica Families

This week was very scary and stressful for our Utica families. Through it all, our staff feels blessed to serve such a wonderful, caring community! Across the area friends and strangers came to help clear debris immediately following the storm. There were lots of tears and hugs shared Tuesday evening. Students and staff returned to school on Wednesday to learn that many homes were damaged and some families could not stay in their homes. So far we know of six homes that are uninhabitable. The donations started pouring in from staff, families, and our community to help those most impacted by the storm. We evenly distributed the first round of support on Thursday to provide some immediate relief. The families were so grateful and appreciative of the support!

We will continue to take donations and distribute it to our families in need. Thank you to all for your love and the compassion you show others.

thank
you

In light of recent events, we have decided to postpone the FunRun Boosterthon fundraiser until August 2024.
